

REVERSE TASHLICH DATA

VOLUNTEER SHEET

Team Name

Cleanup Location

Date of Reverse Tashlich

INSTRUCTIONS

- 1 Before starting the cleanup, choose one person from your group (such as a team leader or volunteer) to [upload your debris data to your Golden account \(dashboard.goldenvolunteer.com\)](#).

Deciding this in advance helps ensure a smooth process.

- 2 As you collect items, make tally marks in the space provided next to each item.

If you find many of the same item, it's okay to tally around the name or elsewhere on the sheet—just be sure it's clear which item each tally corresponds to.

- 3 Once you've finished collecting, count the tally marks for each item and enter the final number in the **TOTAL** column. Do **not** write anything other than the number—please avoid using symbols (like "+" or "-"), ranges, or phrases like "too many."
